

Steve McShane

Age: 48

Occupation: Councilmember and Chamber CEO

I'm a husband, dad, entrepreneur, three-term Salinas City Councilmember and the CEO of the Salinas Valley Chamber of Commerce. From roads to public safety, our city government should be responsive and responsible. That's why I'm running for City Council.

For 20 years I've lived and worked in Salinas. I know what it takes to grow our businesses, improve our streets and sidewalks, and keep our communities safe. I would be honored to continue serving you on the Salinas City Council.

Under my leadership, we have added more than 1,000 new homes, 250 of which are affordable units. More are on the way! We have prioritized safety: Our police force has become more diverse and responsive resulting in decreased violent crime – the last three years have been the lowest in ten years.

We have worked to improve roads and sidewalks. The app I helped create, SalinasConnect, has closed more than 15,000 public works cases to date. We have more to do and I'm ready.

I feel passionately that Salinas should be working for you. Do not hesitate to reach out to me via www.electmcshane.com or (831) 970-4141.

On November 8, please vote for Steve McShane.
